

## **WHY CHOOSE SEERO?**

*At Seero, we appreciate quality, exalt excellence and promote environmental sustainability. We understand the power of infrastructure to empower communities, connect cultures, and change lives.*

### **We are elite**

Our credentials and achievements speak for us. We are a Grade A engineering company, a top-tier member of Qatar's MME Committee for Engineering Practice. We are also registered with the Public Works Authority and are legally approved by the Qatari Ministry of Commerce to provide civil engineering services.

### **We are the best at what we do**

Our core motivation is to deliver the best to our clients. Our team of Grade A engineers from all over the world provides you with the best engineering consultation services. Our legacy includes renowned projects in Qatar, the United States, and Canada, and we've built valuable relationships with several notable clients over the years. We are excellent at:

- Transportation and Infrastructure
- Architectural and Urban Planning
- Building Information Modeling
- Structural Analysis and Design
- Mechanical, Electrical, and Plumbing [MEP] Design
- Interior Design
- Residential Buildings Development
- Construction Services
- Project Management and Supervision
- Contract Administration and Tendering Services
- General Contractor Services
- Building Information Modeling [BIM]

### **You are safe with us**

At Seero, we prioritize the safety of our staff and clients. Our operations conform strictly to industry standards, including:

- ISO 14001:2015 [Environmental Management System]
- ISO 9001:2015 [Quality Management System]
- ISO 45001:2018 [Occupational Health & Safety Management]
- Global Sustainability Assessment System [GSAS] Certification

### **We are everything you need**

With Seero, you will find a positive social environment for employees and clients. We believe in individual uniqueness and strive to accelerate our employees' personal growth and professional development. We provide career development opportunities to foster innovation and stay abreast of the latest technology, including 50% cost coverage for training courses.
